Subject Duhring Resource Company - OGM Cases 243 and 245 -  
Record of Communication with DEP (May 30-31)

Good morning all,

The attached record of communication will give you an update regarding the communication I have had with Bob Gleeson and Joe Umholtz of the DEP since the District received Duhring's revised proposals on May 26, 2007. Also, Sheldon has called Arthur Stewart and said he wants to plan another field visit. At this time, Mr. Stewart has not returned his phone call to schedule this meeting. If you have any questions or comments, please let me know.

Take care,  
Paul
