Subject: Well Package Case #245 on "Rock Run"

Highland Forest Resources, Inc. has decided to decline harvesting the well package, Case #245, that is located within the "Rock Run" timber sale area. Also, Highland declines to harvest any timber located around the stone pit near the intersection of FR 148 and FR 162. However, Highland Forest Resources, Inc. would still like the opportunity to look at and harvest any future additional volume that is located within the "Rock Run" timber sale area.

Sincerely,

Michael Hepinger
