RE: Warrant 3672 Timber Removal

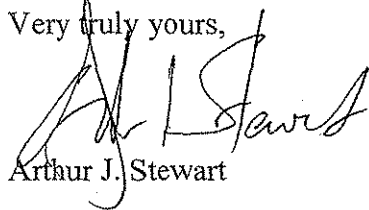

Dear Mr. Fallon:

Our timber purchaser has concluded his review of the timber marked for sale on the captioned parcel. He advises that the volume of timber actually marked on Warrant 3672 is not consistent with the volume of timber reflected in your Contract No. 02-155192 and the purchase price of \$132,168.26. He concludes that the timber volume is overstated and that the timber is actually worth less.

As a consequence, Duhring is not willing to purchase the timber for the amount set forth in the above referenced contract. I ask that you either review the volumes so that a lesser price can be established or, in the alternative, that the Forest Service immediately remove the timber.

I thank you for your attention to this matter.

Very truly yours,

Arthur J. Stewart
