Subject Duhring oil ownership

I checked the deeds at Forest Courthouse today. Duhring Resources acquired wells, equipment and apparently what ever else Randy Larkin owned at Duhring. Later Duhring Resources acquired the oil and gas rights to 3000 feet from Gas and Oil Company, eliminating the need for a special use permit for the roads and pipelines. Rob, while at the courthouse I also checked with Doug Carlson about the need for a subdivision plat for the half-lot. He does want one. I will prepare the plat and I have the application. This is one of the easier hoops to jump thru. I have signed copies of the Catalyst permit. I will get a bill out and get it to Leanne to sign. (Don't tell Tony, Marienville is getting all the attention)
