Subject Duhring Resources

This is a record of conversations with Arthur Stewart of Duhring Resources regarding access over NFS lands to plug wells in Warrant 3646:

Duhring\_Warrant 3646.doc

Follow-up: Hunter McClelland will work with Mike Bowmaster to clarify the Special Use Permit, and any relevance this has to Duhring's access to Warrant 3672. Hunter will also meet with Mr. Stewart on March 5 to determine Duhring's access needs for Warrant 3646 via FR 226, and for FR 559. I will review the status of this situation when I return the week of March 10.

Thanks to Mike Lewis for bringing this situation to light, and to Lauren Miles for helping to clarify the situation, and Hunter McClelland for helping to find a resolution to the situation.

Rob.
