Subject OGM

OGM Meeting: M101-2 wells with PGE coming.
Case 553 Batista Oil-2 wells along FR 325 coming. **ROB, is the pit off 325 available for this project? The pit you authorized for ARG is on this lease.**
OGM Case 601-PGE 15 wells ready for review.
OGM Case 603-Seneca 2 wells ready for review.
OGM Case 597-3 Wells ready for review.

This week with Hunter:

OGM Case 575. Road Use Permit completed. This should be sent along with timber information and NTP. Hunter will check with Shelly on the timber.

Durhing Resources: Road layout approved by Terry S. The pit has been located, and flagged on the ground. Once Rob gives the OK this can be marked. **Rob, Mr. Steward will be sending you a letter this week for your response.**

PGE-Hunter to review the pit on 561A w/Lester to see if they do have material remaining (investment).

Seneca-Construction of roads/pipelines continues along 216/165/279.

I've scheduled layout with PGE, Seneca, Columbia for the week I get back.
