Subject OGM Duhring Case

I called Arthor Stewart on the 5th and left a voice message to confirm an on-site meeting for his new case off of the Duhring road. Arthor is to call Lauren to let him know that he got the message and that he can attend. The meeting is tentatively set for 9:00 on Thursday the 11th, meeting at the proposed entrance near the camp off of the Duhring road. We would also like to look at the FR403 stone pit where a small expansion may occur under the Spring Creek decision for this project. If you are receiving this message, you are requested at this meeting. Bernie and Vincent can decide who would be best to attend to look at the pit expansion and access to the wells. Please respond to Lauren as to your availability on this. Thanks,
