Subject Fw: Boundary - OGM Case No. 595 - Duhring Resource Company

Update: I just talked with Mike and tomorrow he's planning to go to Warrant 3672 to review the landlines for Duhring Resource Company's proposal (OGM Case No. 595). I informed him the highest priority of what needs to be accomplished first is the landline that is near the seasonal dwelling... PGW

Subject Boundary

I pulled the information for Exceptions 1 and 2 for Tract 1j. Bernie Marocco was not sure if the corners were in but the lines were not marked. I will take a look at the property Monday. If the corners are in we should be able to mark the lines in one day. There are two lots out there, one on the North of the creek and one on the south. Which one do you want first?
