Hi Glenn,

It was May 12, 2008.

Thanks!
Colleen

Colleen,

What is the date of landowner notification for Duhring B-028 on Lot 8?

Thanks,

Glenn

Hi Glen,

The one that you and Tony & Sheldon went out to see was to my knowledge B-28 in Lot 8. Those were Reserved 1911. Sheldon can you back me up on whether this was where you were at :) Thanks!!

Colleen

Tony,

I'll look into the Duhring questions we discussed yesterday. When do you need a response by? (Obviously, the sooner the better. I just need to know whether I should talk to Paul about making time available for research next week).

Tony, Colleen, or Sheldon, could you let me know which lot we looked at yesterday (the lot with proposed developments near the North Country Trail). Was it B-028: Lot 8, B-029: Lot 9, or B-041: Lot 434? If it was another lot, what year was the conveyance and are the mineral rights reserved or outstanding?
Thanks,

Glenn

Subject: Duhring Rights

Hi Glen,
Here are the rights for these last couple Duhring projects:

B-028: Lot 8 Reserved 1911
B-029: Lot 9 Outstanding
B-041: Lot 434 Reserved 1911

If you have any questions, just ask! Thanks!!
