RE: Well Development: Lots 8 and 9

Dear Mr. Scardina:

I write in response to your letter of June 5, 2008. Concerning the stone pits, Duhring does not agree with the material set forth in your letter. However, those matters are addressed in the pending litigation and need not be addressed here.

Concerning timber removal, it will hopefully be the case that Highland Forest Resources, Inc., will take the timber. Until you have a decision from Highland, there is no point in devoting further energy to that topic.

Concerning the matters you have titled "Lot 8 and Lot 9 Concerns," we have not yet heard from Sheldon Winters. I have left telephone messages at his work and cell phones asking him to contact Duhring in order to establish a time to meet in the field.

Very truly yours,  
  
Arthur J. Stewart
