Subject Re: Duhring Resources

Lauren/Mike - Please don't do anything w/ these four additional wells until you have heard from Paul W. He is going to be work on drafting a letter - as these additions are within the warrant of the lawsuit.
Thanks - J

Subject Duhring Resources

Jodie, We did get a new project from Duhring on 5/12, Both Mike and I thought it was with his old Case

595 for Wt. 3672. He is proposing 4 new wells within the existing project.
