Subject Warrant 3672

Rob, got part of your message this am in regards to monitoring Warrant 3672 Deck Sale, i have been there the past two days, and no activity has occurred. I informed Mr. Stewart today that no one has been there since tuesday. I will be out on saturday am and possibly sunday am(weather permitting) to monitor both deck sales. There is a report of firewood being cut on the Lot 8 decks. Lot 8 sale may not see any activity until mid week next week, Mr. Stewart informed me he had been contacted by the purchaser of the lot 8 material.
